Dear Principal,

Subject: Ekam Scholarship for girl student from your esteemed Institute

Ekam Foundation Mumbai is a registered charitable trust that works for better quality health, education and well-being of every child irrespective of their economic status, race, and religious background. The main verticals of our work cover health and education.

During FY 19-20 pandemic we launched the Ekam Education Fund (EEF) to fulfil the need of supporting children to complete their education, and pursue their dreams of a better future. Our aim is to support deserving underprivileged students so that they prepare for career choices that will improve their quality of life and secure their future.

We are now looking to expand our program to include girl students pursuing professional courses in esteemed institutes such as yours. These students would be academically accomplished but face financial challenges in completing the course or struggle with supplementing their learning with study aids such laptops, books, etc.

The key parameters that we consider are as follows:

1. Academic capability and ability to complete the course
2. Financial position of the family
3. Affirmative action to support women and girls

We are aiming to bridge the gap for such deserving students by providing them financial support for the academic fee per year for the duration of the course. We have an inclusive and overarching support for our beneficiary in terms of support we extend to ensure completion of their education. We will endeavor to continue support till completion of the course in the best interest of the student.

Under the programme, we intend to reach out to Engineering colleges in Maharashtra and identify at least 2 students from your esteemed Institute. In case you already have a programme that identifies needy students of the Institute we would be happy to consider the same.

We request you to provide us details of at least 4 deserving candidates for us to review and consider under this programme. Please refer to annexure 1 for documents required for each recommended student.

We are happy to get into a call to discuss our requirements and due diligence documents on the deserving students from your Institute to take this forward.

Please connect with any one of the following Ekam staff members for the further clarification.

1) Aditi Kothari (9833887503) 2) Shalini Awasthi (9930055711) 3) Tanvi Ghatkar (9773372002)
