Discover the benefits of yoga for mind, body, and community.

DATE: 21 JUNE 2024

The Yash Foundations College of Nursing and MRI Ratnagiri has celebrated an International Yoga Day on 21 June 2024 as per the circular from Maharashtra University of Health Sciences, Nashik at The Yash Foundation's College of Nursing and Medical Research Institute, Ratnagiri,

International Day of Yoga is observed globally, to highlight the importance of Yoga in the contemporary era, every year on June 21. It highlights the importance of finding balance in our fast-paced, modern lives and encourages physical, mental, and spiritual harmony. Yoga fosters mindfulness, stress reduction, and overall health and vitality.

An invaluable gift of ancient Indian tradition, Yoga has emerged as one of the most trusted means to boost physical and mental well-being. The word "Yoga" is derived from the Sanskrit root yuj meaning "to join", "to yoke" or "to unite", symbolizing the unity of

mind and body; thought and action; restraint and fulfillment; harmony between human and nature, and a holistic approach to health and well-being.

Centuries ago one of the most popular Sanskrit poets Bhartrhari, while highlighting the specialty of Yoga, said:

धैर्यस्यपिताक्षमाचजननीशान्तिश्चिरंगेहिनी

सत्यंसूनुरयंदयाचभगिनीभ्रातामनःसंयमः।

शय्याभूमितलंदिशोऽपिवसनंज्ञानामृतंभोजनं

एतेयस्यकुटिम्बिनःवदसखेकस्माद्भयंयोगिनः॥

Meaning that by regularly practicing Yoga, a person can imbibe some very good qualities like courage which protects like a father, forgiveness as possessed by a mother & mental peace which becomes a permanent friend. Through regular practice of Yoga truth becomes our child, mercy our sister, self-control our brother, the earth becomes our bed & knowledge satiates our hunger.
